

MOBILE BANKING

Mobile Banking is included in our Home Banking product and is designed for on-the-go members who require transaction flexibility. Your members now utilize laptops, tablets, iPhones and other mobile devices to conduct business. Mobile Banking enables you to provide mobile services on par with any other financial institution. For credit unions, mobile banking is no longer a value added feature; it is a business necessity.

Consider the advantages of offering these service features to your members:

- Quick access to all balances from any location
- Pending transactions displayed
- Snapshots of account history
- Memo capability
- Transfers can be made by members on-the-go
- A Remote Deposit component is available via 3rd Party integration
- Fast and easy withdrawals
- Pre and post log-in alerts (Optional)
- Product and Service cross-sell opportunities
